

# Wholesale Guidelines

1. Notify us when you have a product available and ready for harvesting. We will call you with an order when we need something. This ensures that we are getting the freshest and best tasting product.
  2. Please do not pick your product and then call to see if we need your product. We have multiple vendors for the same product you may be providing us and we may not need your product for 1-2 weeks or longer.
  3. We prefer to use cell phone texting to place and confirm orders so there is record of order placed. We can call if you prefer, just let us know.
  4. Preferred delivery days/times.  
Winter/Spring/Late Fall =9-10 am daily. Summer/Early Fall =9-10 am M-F. We will work with you if these times do not fit with your harvesting practices and/or delivery route times.\*
  5. When harvesting into plastic crates, do not overfill. We need to be able to stack another crate on top without squishing the fruit.
  6. We will provide you with crates/paper trays/plastic baskets to pick into so when you deliver your product we do not have to transfer from your container to our container. Saves us both, time and effort.
  7. Please call Farm Stand West when you are on your way with delivery @ 760-738-9014.
  8. Please do not hesitate to call if you need to talk about products, delivery, or availability, ask for Laura.
- Thank you!

Please verify your cell phone number below and the products you have available to sell to us.
